Preface This Fifth Edition marks the beginning of the fourth decade that Advanced Organic Chemistry has been available. As with the previous editions, the goal of this text is to allow students to build on the foundation of introductory organic chemistry and attain a level of knowledge and understanding that will permit them to comprehend much of

About This Book. Since
its original appearance
in 1977, Advanced
Organic Chemistry has
found wide use as a
text providing broad
coverage of the
structure, reactivity
and synthesis of
organic compounds.

The Fourth Edition
