After the Cold War explores these continuities and discontinuities in five areas: trade, international public finance, foreign direct investment, environmental protection, and military security. Equally grounded in theory and extensive empirical research, this timely volume offers a remarkably lucid description and interpretation of our changing world order.

After the Cold War: International Institutions and State Strategies in Europe 1989-1991: Center For International Affairs Series

This deeply insightful analysis of an important subset of post-Cold War regimes is conceptually innovative and precise, empirically ambitious, and theoretical agile, moving fluidly between international and domestic practitioners.

Changes in International Politics after Cold War

In the post-Cold War era both Russia and China are changing unpredictably. Nye argues that "efforts by the democratic great powers to engage China and Russia in the international community and to urge them to make their intentions and military forces transparent are the best means of limiting the potential for conflicts." [p. 69] This policy has seen some success with China.

Summary of "International Conflicts After the Cold War"

The Cold War ended in 1989 with the collapse of the Soviet Union, in part motivated by the different nations that made up the Soviet Union who wanted to become independent. After the Soviet Union...

Civil Wars in the Post-Cold War International System

There seems to be a widespread impression in this country that the cold war, as something signifying a state of sharp conflict and tension between the two governments, began only in 1945, after...

**Structural Realism after the Cold War - Columbia University**

In two papers of 1993—“Structural Realism after the Cold War” and “The Emerging Structure of International Politics”—Waltz defends the neorealist theory against a cascade of criticism that emerged after the Cold War. First of all, he stresses that unipolarity is “the least durable of international configurations.”

**Polarity (international relations) - Wikipedia**

The end of the Cold War has changed the shape of organized violence in the world and the ways in which governments and others try to set its limits. Even the concept of international conflict is broadening to include ethnic conflicts and other kinds of violence within national borders that may affect international peace and security.
