define agile testing and illustrate the tester's role with examples from real agile teams. They teach you how to use the agile testing quadrants to identify what testing is needed, who should do it, and what tools might help.

## **Agile Testing: A Practical Guide for Testers and Agile ...**

## Read Free Agile Testing A Practical Guide For Testers

Agile testing is a useful book, a decent introduction to somewhat neglected aspect of agile software development. It is also a book that could have benefitted from a sharper focus and more editing. There are plenty of books on agile for project managers and programmers, testers are not so fortunate. Strange when you think about it.
