OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

At T 1717 Answering Machine

The AT&T 1717 records your incoming messages along with the time and day of the call. Plus, you get the convenience and reliability of all-digital tapeless technology. Setting up the 1717 was easy--we just plugged in the AC adapter and the phone cord. We correctly guessed how to set the clock.
