20+ Back to front Maths ideas | first grade math, math ...
Mental mathematics should also be included every day, but resources for this have not been included within Back-to-Front Maths at this stage. Back-to-Front Maths contains a series of journal problems that are used to introduce new topics, uncover student misconceptions, stimulate interest and experimentation and ultimately lead to building new mathematical understanding in students. Following this, Blast activities are used to build connections, formalise learning and extend to other areas.
