Coffee Guide

Coffee and its Origins
Coffee is one of the most popular drinks in the world. It is a brewed beverage, prepared from roasted coffee beans that come from the Coffea plant species. There are many legends about the origins of coffee, but its heritage can be traced back centuries.

The Complete DIY Guide to Cold Brew Coffee

Begin pouring water slowly over the coffee, starting at the outer rim and moving in a steady spiral toward the center of the grounds. Stop pouring when the scale reaches 60 grams. Make sure all the grounds are saturated, even if you need to add a little water. The pour should take about 15 seconds.
