Analyze your Microsoft Teams data with Microsoft Excel in ...

This course took me months to build and I used to charge as high as $250 for it. I am making it free for now because of issue with receiving my Udemy revenue (Paypal and bank issue). Ironically, the people who paid for the course gave higher rating than those who didn't pay. Unfortunately, Udemy penalises courses (makes them no longer show up in search results) that are free but rated below 4.1.
