### Freedom: Introduction

Freedom is the absence of any pressure from the social, political and religious environment that we live in. Freedom has certainly no particular definition. While some think of it as the opportunity to act freely and personify ideas, others are of the view that it is about the possibility of doing what you want to do regardless of the impact on the other people.

### Essay on "Freedom" (760 Words)

Even within a political community, there may be sharp disagreements about the role and purpose of government. Some want an active, involved government, seeing legal and political institutions as the means to solve our most pressing problems, and to help bring about peace, equality, justice, happiness, and to protect individual liberty.

### What Is Life? | Issue 101 | Philosophy Now

The primary friction stems from the individual's quest for instinctual freedom and civilization's contrary demand for conformity and instinctual repression. Many of humankind's primitive instincts (for example, the desire to kill and the insatiable craving for sexual gratification) are clearly harmful to the well-being of a human community.
