Global Strategy & Leadership - KnowledgeEquity

The opportunity for strategic leadership is lost. Worse still, people are implicitly told that there is more value in expediency than in leading the enterprise to a higher level of performance. Strategic leaders know that the real power in information comes not from hoarding it, but from using it to find and create new opportunities for growth. 3.

10 principles of strategic leadership - strategy+business

A global strategy refers to the plans an organization has developed to target growth beyond its borders. Specifically, it aims to increase the sales of goods or services abroad. 'Global strategy' is, in fact, a shortened term that covers three strategies: international, multinational, and global.
