Though the previous nine deadly battles all belonged to the World War I and World War II eras, the most treacherous recorded battle in the history of the world in terms of death tolls was waged a much longer time back. It occurred in 1258, when the Mongol forces sacked the city of Baghdad.

Deadliest Battles In Human History - WorldAtlas

The following is a list of the casualties count in battles in world history. The list includes both sieges (not technically battles but usually yielding similar combat-related deaths) and civilian casualties during the battles. Large battle casualty counts are almost impossible to calculate precisely. Many of these figures are estimates, and, where possible, a range of estimates is presented.

List of battles by casualties - Wikipedia

The first day of the Battle of the Somme holds an infamous record for the British army, being the bloodiest day in its history. 19,240 British men lost their lives that day due mainly to poor intelligence, inadequate artillery support, and an underestimation of their foe - a contempt that has proven fatal so many times in history.. By the end of the battle 141 days later, 420,000 British ...

10 of the Most Significant Battles in British History ...

Some battles and sieges were bloody, others were outright massacres - massacres which saw more dead in a few days than many wars did in years. Whilst the battle of the Somme and the siege of Stalingrad are well known for their massive casualties, lesser known is the vast bloodshed of earlier battles. Below are ten of the bloodiest battles and sieges in early history.
