Amazon.com: Industrial Megaprojects: Concepts, Strategies ...

Megaprojects—Large, complex projects in petroleum, minerals, chemicals, and power fail much too often for comfort. Large cost overruns, major delays, poor operability, and far too many safety incidents characterize well over half of the industrial projects of \$1 billion or more around the world. In this book, Ed Merrow, the founder of Independent Project Analysis (IPA), explores the reasons behind the failures and comes to a very useful, if surprising, conclusion: the damage is largely ...
