THEORY AND SYSTEMS AND INFORMATION THEORY.

1.1 Introduction.

Communication theory deals primarily with systems for transmitting information or data from one point to another. A rather general block diagram for visualizing the behavior of such systems is given in Figure 1.1.1.

Communication

Information theory - Wikipedia

Communication theory was proposed by S. F. Scudder in the year 1980. It states that all living beings existing on the planet communicate although the way of communication is different. Plants communicate their need to be taken care
