REVIEW: Ingersoll Boonville And today, we've come to the last Ingersoll model that was sent over for review, but it's definitely been one of my favorites. The model in question is the.Boonville, which quite obviously (from the pictures) is a skeletonized watch. .Once you get past watching the movement at work, you start to notice a few ...

The Ingersoll Boonville Automatic blends contemporary and classic analog styling for a unique design. Set atop the watch's visible automatic movement are three subdials at six, nine, and twelve o'clock positions. The subdial at the twelve o'clock position features classic moon and sun imagery, which evoke an attractive style cue from the past.

Ingersoll Watch Company started as a mail order company in 1882. It was founded in New York City by brothers Robert and Charles Ingersoll. After striking a deal with the Waterbury Clock Company in 1892, they started selling watches. Not long after, they releases the Yankee, a \$1 pocket watch. The goal was to make a watch that everyone could afford.
