## **Introduction to Logic (13th Edition) (9780136141396) by ...**

Irving Copi first published Introduction to Logic in 1953, a little more than half a century ago. The book has grown mightily in the years since—but it is a mark of Professor Copi's power as thinker and teacher that this book has become the one work used by more people around the world in the study of logic than any other book ever written—with the possible exception of The Organon of Aristotle.
