Learned Optimism Book

This is an excellent book written by world class authority on the psychology of depression and how to relieve its debilitating effects by adopting an optimistic attitude to life.At the beginning of the book he describes the experiments with dogs he undertook to prove that helplessness is a learned behaviour that can be unlearned which at the time was contrary to the prevailing view that depression was caused,in large part,due to defective genes or body chemistry or mysterious and deeply ...

Learned Optimism: How to Change Your Mind and Your Life ...

Learned Optimism is not a self-help book. It's based on a lot of scientific research and is not a light read. But worth it. This book validated so many of my life beliefs, so from now on, it may be the confirmation bias speaking :) Still, here are few pieces I strongly related to.
