Apr 8, 2020 | Articles | 0 comments. Canary Wharf is the largest urban redevelopment project in Europe; from derelict docklands to a dominating financial hub, a lot has changed in the past 20 years. The redevelopment of the area has changed the face of London, offering modern purpose-built premises, as well as renewing the area in which it stands into an attractive area to work, play and live.

Urban redevelopment of Canary Wharf - World Smart Cities Forum

Urban Strategies has played an ongoing role in the regeneration of the London Docklands, a former heavy industrial district located along the Thames River in East London. Since 1988, Urban Strategies has been involved in reshaping the Dockland area and has acted as the lead consultants on a range of redevelopment and visioning projects in the area.

London Docklands - Urban Strategies

Urban Redevelopment of the London Docklands As cities look to grow and support their population, some expand outwards, while others redevelop areas within. The Docklands were once the literal port of call for every successful city, and while their historical value is still often appreciated, their financial contributions to cities have all-but disappeared.

Urban Redevelopment of the London Docklands

Abstract. References. Abstract. An urban development corporation was established in London Docklands in 1981. Recently, central government has announced its intention to set up similar organisations elsewhere in Britain, and, therefore, a review of the impact of the London Docklands' initiative is appropriate.

Urban Regeneration in London Docklands: A Five-Year Policy ...

For 25 years, SOM has collaborated with multiple designers and client groups in the planning and building of Canary Wharf. Designed to accommodate a flourishing financial sector and breathe new life into London's former Docklands, SOM's master plan established a roadmap for one of the largest urban revitalization projects in the modern era.

LDDC Monograph:Initiating Urban Change

London Docklands is the riverfront and former docks in London. It is located in inner east and southeast London, in the boroughs of Southwark, Tower Hamlets, Lewisham, Newham, and Greenwich. The docks were formerly part of the Port of London, at one time the world's largest port. After the docks closed, the area had become derelict and poverty-ridden by the 1980s. The Docklands' regeneration began later that decade; it has been redeveloped principally for commercial and residential use. The name
