Many fishing guides and residents will tell you that Lake Lure is an awesome fishing lake if you know where to go and know what the fish will bite in terms of bait. In fact, over the last four to five years we have seen some really big fish that anglers have been more than willing to show off, one of the largest being a 14¼ pound large-mouth bass.

Fishing on Lake Lure : Town of Lake Lure

Artificial bait or fishing lures have been used to catch fish since 2,000 B.C. Made from a wide variety of materials, colors, sizes, and styles, lures are used to attract fish and convince them to bite into the attached hook. If you want to fish with lures, you need to know the most common lure techniques and how you can use them to catch a fish.

9/25/2017. There are several species of shad but threadfin and gizzard shad are the most dominant and a significant food source for sport fish in many lakes and rivers in the U.S. Because of this and the difficulty to keep alive and use as bait, there are many types of shad lures. Shad fishing lures are silver, gray, or bluish and usually resemble by including a black dot behind the eye in the design colors, which is present on both shad species.
