Nature Man And Woman Alan

In Nature, Man and Woman, philosopher Alan Watts reexamines humanity's place in the natural world—and the relation between body and spirit—in the light of Chinese Taoism. Western thought and culture have coalesced around a series of constructed ideas—that human beings stand separate from a nature that must be controlled; that the mind is somehow superior to the body; that all sexuality entails a seduction—that in some way underlie our exploitation of the earth, our distrust of ...
