instead of Shibaura based. The Boomer series is very different from the TC series, including the OP Man'l. All my comments about the electrical system and brake system do not apply to your tractor. A TC35 wiring diagram is not what you need. Perhaps the schematic Tractor Tech posted is your best source.

Welcome to the Ford/New Holland Tractor Forum. The most common safety switch failure is the seat safety switch (see item #29 on attached diagram). I think the neutral safety switch you are looking for is item #27 on attached diagram (HST/PTO safety switch). I'm sure that you have a brake safety switch.
