Public sector economics (Book, 1978) [WorldCat.org]

Public sector, portion of the economy composed of all levels of government and government-controlled enterprises. It does not include private companies, voluntary organizations, and households. The general definition of the public sector includes government ownership or control rather than mere function and thereby includes, for example, the exercise of public authority or the implementation ...

Having been appointed as Professor of Economics in 1979, I became Head of the Economics Department (1979-1986). I was the Director of the Public Sector Economics Research Centre (PSERC) from 1977-2000 and from 1989-2003, Director of University of Leicester School of Management.

Professor Peter Jackson

Public Sector Economics The state of affairs, problems, and possible solutions At almost the same time, Croatia got a new parliament, a new government and a new president. We would like to help them all to succeed in grasping the complex questions of public sector economics. It is for this reason that,
