Taiwans Imagined Geography Chinese Colonial

The author argues that travelers' accounts and pictures of frontiers such as Taiwan led to a change in the imagined geography of the empire. In representing distant lands and ethnically diverse peoples of the frontiers to audiences in China proper, these works transformed places once considered non-Chinese into familiar parts of the empire and thereby helped to

In representing distant lands and ethnically diverse peoples of the frontiers to audiences in China proper, these works transformed places once considered non-Chinese into familiar parts of the empire and thereby helped to naturalize Qing expansionism.

Taiwan's Imagined Geography — Emma Jinhua Teng | Harvard ...

Taiwan's Imagined Geography. Book Description: Until 300 years ago, the Chinese considered Taiwan a "land beyond the seas," a "ball of mud" inhabited by "naked and tattooed savages." The incorporation of this island into the Qing empire in the seventeenth century and its evolution into a province by the late nineteenth century involved not only a reconsideration of imperial geography but also a reconceptualization of the Chinese domain.

Taiwan's Imagined Geography: Chinese Colonial Travel ...

A truly informative look at the Qing Dynasty's view of Taiwan. As mentioned in the introduction, a fresh look is needed at Chinese colonialism in Mongolia, Tibet, and East Turkestan in addition to Taiwan. This book is readable and I particularly enjoyed the wide array of maps provided. flag Like · see review

This policy legalized the entry of Han Chinese settlers into the last of the remaining indigenous territory on the island. In order to accomplish this appropriation of lands, the Qing employed the military to “pacify the savages.” Taiwan’s Imagined Geography excels at showing history in all its messy complexity and dynamism. We come away from it with a more nuanced understanding of the Qing period, of how events were sometimes happenstance, how widely perceptions varied, and that ...

Taiwan's Imagined Geography: Chinese Colonial Travel Writ

Colonialism as a Project of Representation This is a rich and rewarding book that speaks to a host of significant issues in China's historical, cultural, and political geography. Emma Jinhua Teng sets out to demonstrate the role that textual and visual representations of Taiwan played in the transformation of the Qing empire's imagined geography.

The incorporation of this island into the Qing Empire in the 17th Century and its evolution into a province by the late 19th Century involved not only a reconsideration of imperial geography but also a reconceptualisation of the Chinese domain.

Taiwan's Imagined Geography : Chinese Colonial Travel ...

Teng makes adroit use of a growing body of literature stigmatizing China as a colonial conqueror--rather than a victim of European colonialism--and incorporates the importance of Taiwan into the debate on Chinese expansionism.-- (10/07/2004) Teng paints an intriguing picture of the debates that emerged concerning the colonization of Taiwan and official Qing policy towards the island's indigenous peoples...

Taiwan's imagined geography : Chinese colonial travel ...

"Until 350 years ago, the Chinese considered Taiwan a "savage island" beyond the pale of Chinese civilization. When the Qing conquered the island in 1683, the court debated the value of colonizing this "ball of mud." Yet, two centuries later, in 1895, Chinese writers lamented the island's cession to Japan as a loss of sacred national territory.
