EU might sound simple at the outset, the European Union has a rich history and a unique organization, both of which aid in its current success and its ability to fulfill its mission for the 21st Century.

## **The History and Purpose of the European Union**

The European Communities, sometimes referred to as the European Community, were three international organizations that were governed by the same set of institutions. These were the European Coal and Steel Community, the European Atomic Energy Community, and the European Economic Community; the last of which was renamed the European Community in 1993 by the Maastricht Treaty, which formed the European Union. When the Communities were incorporated into the European Union in 1993, they became its f

The European Economic Community (EEC) was a regional organisation that aimed to bring about economic integration among its member states. It was created by the Treaty of Rome of 1957. Upon the formation of the European Union in 1993, the EEC was incorporated into the EU and renamed the European Community (EC). In 2009, the EC formally ceased to exist and its institutions were directly absorbed ...

The EU represents one in a series of efforts to integrate Europe since World War II. At the end of the war, several western European countries sought closer economic, social, and political ties to achieve economic growth and military security and to promote a lasting reconciliation between France and Germany. To this end, in 1951 the leaders of six countries—Belgium, France, Italy, Luxembourg, the Netherlands, and West Germany—signed the Treaty of Paris, thereby, when it took

European Community in 1958. Much change since then has been  
in the context of shifting the balance of power away from the  
Council and towards the Parliament. The role of the Commission  
has often been to mediate between the two or tip the balance.
