History and Theory
The History of Theory: Ian Hunter is a research professor in the Centre for the History of European Discourses at the University of Queensland, Australia. He has published various works on the history of philosophical and political thought, including Rival Enlightenments (2001), Natural Law and Civil Sovereignty (coedited with David Saunders) (2002), and The Philosopher in Early Modern Europe (coedited with Conal Condren and Stephen Gaukroger) (2006).

The History of Theory | Critical Inquiry: Vol 33, No 1
The History of Theory since the word theory since at least the late 16th century. Modern uses of the word theory derive from the original definition, but have taken on new shades of meaning, still based on the idea of a theory as a thoughtful and rational explanation of the general nature of things.

Theory - Wikipedia
theory (n.) 1590s, "conception, mental scheme," from Late Latin theoria (Jerome), from Greek theōria "contemplation, speculation; a looking at, viewing; a sight, show, spectacle, things looked at," from theōrein "to consider, speculate, look at," from theōros "spectator," from thea "a view" (see theater) + horan "to see," which is possibly from PIE root *wer- (3) "to perceive."

theory | Origin and meaning of theory by Online Etymology ...
History of the Theory of Evolution Evolution implies a change in one or more characteristics in a population of organisms over a period of time. The concept of evolution is as ancient as Greek writings, where philosophers speculated that all living things are related to one another, although remotely.

History of the Theory of Evolution - CliffsNotes
Theories of history are theories for why things happened the way they did (and possibly what that means for the future).

The History of Accounting Theory. Elements of the theory of accounting can be found as far back as the ancient civilizations of Mesopotamia and Egypt. By the time of the Roman Empire, financial data was widely used, and the government kept detailed financial records. The accounting theory definition is fairly simple.

The History of Accounting Theory | Bizfluent
All human cultures have developed their own explanations for the origin of the world and of human beings and other creatures. Traditional Judaism and Christianity explain the origin of living beings and their adaptations to their environments —wings, gills, hands, flowers—as the handiwork of an omniscient God.
