### **2001 Yamaha WR426F Review - totalmotorcycle.com**

The WR 426 has a great reputation so reliability is not much of an issue. As for the suspension plug your weight and bike in to Racetech's calculator and order some springs. You can revalve later if needed. The WR426 is a bit more high-strung than a DRZ. As with all used bikes be very wary and ask a bunch of maintenance specific questions.
